

CERTIFICATE

— OF SOCIAL IMPACT WORK —

This certificate is presented to

Rodrigo Pacini

For public contributions as a Grant Reviewer within the Project Catalyst funding mechanism, contributing to educational awareness and critical evaluation of funding proposals in the Cardano ecosystem. Rodrigo has been involved in this role since the very first rounds of Catalyst, pioneering structured, evidence-based assessments that helped educate voters, improve funding accountability, and align projects with community values and long-term sustainability goals (including the UN SDGs). Over the course of 12 funding rounds between 2020 and 2025, he reviewed hundreds of proposals, producing thoughtful, transparent reviews that directly shaped the governance of one of the largest decentralized grant systems in Web3. Total work time: 900 hours.
